

Through planning, complete systems integration and construction with our own heavy lifting equipment, provide our teams with full operational flexibility. Danieli Engineering and Danieli Construction International: your trusted partner with 37 years of experience in on-time project delivery and cost management.

**138**  
TURNKEY PLANTS SUPPLIED WORLDWIDE

**38**  
ENERGIRON DIRECT REDUCTION PLANTS

**146**  
BLAST FURNACE AND CONVERTER PROJECTS

**570**  
SCRAP SHEARS AND SHREDDERS

**234**  
ELECTRIC ARC FURNACES

**382**  
SECONDARY METALLURGY STATIONS

**2270**  
CASTING STRANDS FOR SLABS, BLOOMS, AND BILLETS

**1100**  
SLAB, BLOOM, AND BILLET GRINDING MACHINES

**680**  
PROCESS CONTROL SYSTEMS

Danieli Automation automates plants through integrated systems for equipment, process and power control, handling jobs from order placement through product delivery. Event-prediction and problem-solving operator assistance are ensured by the innovative 3Q system.

Danieli Environment offers a full range of proprietary technologies for air pollution control, water treatment, solid waste recovery, noise reduction and energy savings.

**356**  
ENVIRONMENTAL PLANTS

Danieli Centro Combustion and Danieli Olivotto Ferrè provide the most efficient and low consumption heating and heat treatment systems for all steel and NF metals production processes.

**994**  
HEATING AND HEAT TREATMENT SYSTEMS

**333**  
HOT STRIP, PLATE AND COLD MILLS

**505**  
HEAVY SECTION, RAIL, BAR AND WIREROD MILLS

**71**  
SEAMLESS TUBE AND WELDED PIPE PLANTS

**390**  
EXTRUSION AND FORGING PRESSES

**139**  
ALUMINIUM HOT AND COLD MILLS

**1455**  
STRIP PROCESSING AND FINISHING LINES

**502**  
DRAWING AND PEELING MACHINES

# DANIELI THE RELIABLE INNOVATIVE PARTNER TO BE FRONT RUNNERS

Our original technology, process know-how, in-house design and manufacturing along with proprietary automation systems, environmental solutions and customer service for a competitive and sustainable steel and nonferrous metals industry. Strength and reliability presented by numbers.
